Remember to change your clock this weekend

Don't forget to turn your clocks back an hour before you go to bed Saturday as the nation switches from Daylight Savings Time back to Standard Time. If you want to wait up for the big moment, the conversion comes at 1 a.m. Sunday, which then becomes midnight.

Enjoy your extra hour of sleep. You'll ave to return it in the spring.

Cities announce trick or treat times

The police departments of Belle Glade and South Bay are asking local residents to trick or treat on Sunday, October 81 between 3 and 5 p.m., according to Sergeant Dan Crist. Crist said trick or treaters are also asked to stay in their neighborhoods for safety

Crist said trick or treaters are also assect to stay in their neighborhoods for safety reasons.

"We're asking them to stay in their aeighborhoods due to the recent bizarre happenings at cities and states nearby," said Crist. "They are more apt to know the popel in their neighborhood."

This week, members of the police departments have been giving presentations to local school children on safety precautions to take during Halloween.

Pamphlets produced by the National Children's Safety Council and paid for by local business people have been distributed. The pamphlets address several areas of Halloween, including costumes and masks, treats, parties and trick-or-treating.

Children can also pick up trick-or-treat bags from G and G Muffler, according to Crist.

Ducks Unlimited Thursday

BELLE GLADE - The Glades Chapter of Ducks Unlimited will hold it a annual banquet tonight at the Belle Glade Elk's Club. Nonmembers can attend by paying a \$30 dues and admission fee at the door.

Those who are already members can purchase the quail dinner for \$10.

A raffle and auction will be held during the event.

Water contract awarded

BELLE GLADE – With most of the money in hand and the rest on the shelf in unissued bonds, the Belle Glade City Commission accepted the recommendations of its consulting engineering firm and assigned contracts for the water treatment plant and raw water, booster pump station projects.

W.E.D. Contractors, Inc. was awarded the commendation of the project. That quote was about \$425,000 higher than the original estimates by Briley, Wild and Associates, the city's engineering consulting distributions.

Other changes include alterations in the ozone generation system and using PVC plumbing instead of galvanized.

Old instruments may be used instead of purchasing new ones, also, said Cumming.

"Of ourse, galvanized is preferable, if ou can afford it," he said. "I'd rather have new instruments, but we may not be able to afford it." Nine companies had bid on the project.

The commission had awarded the raw waterbooster station contract to Sunset Construction Company upon the enginee's recomendation.

"If we could collect on the debts, taxes could be cut by a third," asid Lennon.

The bad debt figures were disclosed Tuesday at the monthly meeting of the board.

Lennon said Glades General could possibly lose 10 percent of its funding due to new measures approved by the President.

Dr. J. Allen Baker also told the board he plans to re-open his medical practice in Belle Glade.

Dr. Allen said his medical practice was closed for a year. He said he was forced to close his office because of his health. "My physician says I am in excellent shape. I miss the Glades and I want to

reopen by practice," he said.

Allen said he was appearing before the board to see if the board would provide him with the same privileges as new doctors, who have recently moved to the area.

Board Chairman David Hill said he saw problem arising as a result of Allen's request. Lennon also told the board the emergency room construction is ahead of schedule and should be completed in the spring.

Conner campaigns in the Glades

BELLE GLADE-Florida Commissioner of Agriculture Doyle Conner brought his campaign to the Glades Thursday. Conner attended a fund raising barbecue at the Belle Glade Marjas sponsored by Frank Teets and Roy Hayes. Conner said his stop in Belle Glade was one of several stops he made around the Lake Okeechobee Area Thursday.

"I have visited four courthouses today and plans-to visit every court in the state before the Nov. 2 general election," said Conner.

Speaking to a crowd of mostly growers, Conner said he is taking this campaign seriously, although there is a belief by some that he has no real competition.

Conner said he has competition and if the people don't go to the boll and vote for Conner, the

state will have a new Commissioner of Agriculture.

"Last time," he told his supporters, "our friends responded, and we carried every precinct in the state, but all we have to do is sit at home on Nov. 2 and we'll have a new commissioner."

Comer said he operates his department very efficiently and feels if all departments were operated as frugally as his, there would have been no need for cuts.

Sunset had quoted a cost of \$498,054 for the project.

After the bids were opened September 23. Sunset had called to inform Cumming that it had mistakenly quoted the cost of repairing the raw water inlet pipe at \$6,000. The actual cost was \$66,000, according to Cumming.

He recommended the city delete that cost from the contract and award it to Sunset, having the repairs on the inlet pipe let out on a separate contract.

That made the cost of the project \$492,054. Cumming said the city could probably have the repairs done for about \$15,000.

Cumming said that W.E.D., which quoted a cost of \$588,800 on the raw water-booster pump station, would deduct \$50,000 from the cost of the second project if it was granted both projects by the city.

the second project if it was granted both projects by the city.

Mayor Thomas L. Altman asked if it would be possible to grant the projects to W.E.D., delete he repairs to the inte pipe, which W.E.D. quoted at \$58,500, from the second project and save a total of \$108,500 on the projects.

"You're trying to have your cake and eat it too," said Cumming. "I don't think that would work. The credit would be figured on the total cost."

Dumming added that if necessary, the \$91,000 ortfall could be borrowed from several areas, in-

cluding the repair and replacement funds for the plant, since much of the work is in repairing and replacing old equipment.

"If we're lucky, we may not have to borrow," he said. "But I certainly wouldn't promise it here tonight."

There's a 15 month contract period on the swarge project, and an 18 month period on the swarge project, and an 18 month period on the water projects.

"What we don't want to do is commit ourselves to the construction projects before we have the tone of the contract period of the said and the contract period of the con

Opinion

We recommend for your consideration

We would like to make several recommenda ons to voters for the general election Tuesday

Nov. 2.

In the gubernatorial race, we support L. A.

"Skip" Bafalis, a long-standing friend of the
Glades and agriculture who never forgot this area
during his many years in Congress.

Bafalis was one of the first advocates of a
balanced federal budget. Many have since accepted his viewpoint that balancing the budget is
essential to the economic health of the nation.

The conversation or called the first of the control of the control

cepted his viewpoint than draining the values resential to the economic health of the nation. The conservative, common-sensical Bafalis believes that less government is best. We agree. For the United States Congress, we support Tom Lewis, who has simply been one of the finest legislators in the state. Lewis, who was named most effective freshman state senator, has received over 50 awards for legislative achievement.

A conservative, he supports the balanced budget amendment, is strong on defense (he believes there should be some cutbacks), and strongly supports the Social Security program. He has the maturity, experience, and intelligence to be an outstanding congressman for Florida.

There are two constitutional amendments on the ballot. We urge voters to vote for both of

Finally, there is the matter of the ambulance

Simply put, the referendum asks should the ambulance service remain under the authority of the hospital. We believe it should. If the ambulance service were removed from the under the hospital's umbrella, under whose umbrella would it be placed? And would placing the ambulance service under a new umbrella be an improvement?

We believe that for logistical and professional reasons, the ambulance service should remain where it is at.

These are only our recommendations. We believe that every voter should vote the way his beliefs dictate. The important thing is to vote! Don't let this important election go by without making your choice known at the polls.

Everyone who knew Jennie Toulis was saddened to learn of her death last week.

Almost to the very end, Mrs. Toulis dispensed road directions, friendship and good cheer from Clewiston's Glades Restaurant.

In 'fact, she had been making friends in the Glades for over 50 years, qualifying her as an authentic pioneer of this area sparkle, a zest for life that the rest of the Toulis clan seems to have inherited from her.

In her 78 years, she had a full and happy life, made many friends, and a lasting impression on all of us.

We send along our condolences to the Toulis We send along our condolences to the Toulis family. Her passing takes with it a little sunshine from our lives.

James Jacks, outgoing Belle Glade Chamber of Commerce president, made some comments Thursday well worth repeating here. Jacks expressed his concern over the health of the Glades area. He urged that Glades communities band together to form a voting block on common issues, such as the improvement of State Road 80.

BELLE GLADE -Mike Underwood, the
city recreation director, apparently became
the latest person to hit
a hole-in-one at the city
golf course last
weekend.

John Wright, the golf professional at the course, reluctantly verified that Underwood hit the hole-in-one on the twelfth hole Sunday, October 24. "It's also yards, Underwood."

by the Belle Glade Chamber of Commerce, while her husband, Irvin, received the Agri-Industrial Award.

The awards were the highlight of the Chamber of Commerce Annual Banquet and Awards Night, held at the Elks Club.

"We were absolutely floored. I was so surprised, I didn't know what to do," said Mrs. Zumpf afterwards of the award.

Mrs. Zumpf was honored for her role in bringing Glades General Hospital to Belle Glade and for her other civic contributions.

Coming to Belle Glade in the middle 1940s, she went to work as a nurse for Dr. William J. Buck, and worked hard to gain accreditation for the old Belle Glade Hospital.

She sought to create a new consolidate hospital which would serve both Belle Glade and Pahokee, but the communities opted for separate hospitals, bethen directed her energies towards building a new hospital in Belle Glade, floating a bond issue and serving on the seven member Southwestern Palm Beach County Hospital Board for 13 years. During those years she served as chairman and as vice chairman.

She was the only woman on the board and worked closely with the architect in developing traffic and working patterns. She selected furniture and colors for the hospital. A contest was held to find a name for the new hospital, and Glades General was selected.

Groundbreaking for the hospital was completed. Ms. Cumpf served the hospital on the Joint Service Committee and other posts. During the 1940s, she became active in the American Red Cross, serving as a director and serving military families.

In 1941. Irvin and Abby were married and he entered the United States Army, training tank crews at F. Knox, Ky. She moved to Nichols General Hospital in Louisville, where she was a civilian nurse. When Irvin was assigned to Europe with the 7th Armored Division, she came be Belle Glade to begin her career here.

After the war, he returned to Belle Glade and was farm manager for Billy Rogers. He developed acres of sawgrass and custard apples into modern, productive farmland and was "rapid adapter of things that worked."

Outgoing Chamber President James W. Jacks noted that Zumpf's hobby was "hard work."

"Irvin was so busy farming from morning till night that I had to find something to do," said Mrs. Zumpf of her community involvement.

Most counterfeiters use an offset process which is flush with the surface of the paper.

A common occurrance in the Glades which hasn't become popular on the coast has been the passing of counterfeits which have been made on a copier. These bills are usually passed in poorly lit lounges, according to Noznisky.

There are other ways of identifying a counterfeit, he added.

The portrait on an actual bill is "lifelike" and placed on a screen-like background. Counterfeit bills are usually flat and lifeless. The small squares in the background are often filled in or broken.

Plant clinic planned by Joyner

panne clinic will be conducted by Gene Joyner, Urban Hor-ticulturist, Palm Beach County Cooperative Extension Service, at the Glades agricultural office, 2979 North 441, Belle Glade, on Friday, November 5

Many people have problems with various plants in their land-scapes and need help in diagnosing what the problem is and how to correct it. This plant clinic is set up for the purpose of allowing the public to bring in any problems they are hav-

ing with their trees, shrubbery, or lawns, and an agent will be available to look at the samples and diagnose the problem. Bulletins on various subjects; are also available at the agricultural Extension office and those atten-

ding the plant clinic are certainly encouraged to pick up bulletins of interest to them.

Persons who are unable to come to the agricultural office during the clinic hour may call in plant problems to 996-1655 and Gene

over the phone.
This free clinic is not

a formal class or lec-ture and is conducted on a very informal basis. Anyone having plant problems is en-couraged to attend. All

Preparing fall gardens

A lot of backyard gardeners are now preparing to put in their fall vegetable gardens and if you haven't tried gardening, then perhaps this year you might try doing so. Gardening is not that difficult if certain steps are followed and the quality of home grown vegetables is always better than that of those bought in the stores.

Card of Thanks

The family of E.F. Allen would like to thank all the wonderful friends that sent flowers, cards and food at the time of our sor-

The many kindnesses and expressions of sympathy will never be forgotten.

Besides saving some thing in having a sucmoney on food, gardening also gives you a lot of exercise and can be project for-the whole family. Children especially like having it properly.
